

KEEPING THE LIGHTS ON BY LIFTING AS WE RISE.

ABOUT US

PRH Group is a national electrical utility construction and storm restoration partner delivering safe, reliable, and rapid infrastructure solutions across the United States.

Founded in 2017 and headquartered in Michigan, PRH Group supports utility companies, municipalities, cooperatives, and private organizations with emergency response, system maintenance, and long-term infrastructure development. Our leadership team brings 100+ years of combined industry experience, and our crews include IBEW union-trained journeyman linemen.

We don't just complete projects — we become trusted partners.

WHAT SETS US APART

- + **Safety First:** EMR under 1; safety is our #1 core value
- + **Union Workforce:** Skilled, certified, and experienced crews
- + **Turnkey Partner:** We manage the job end-to-end so clients don't have to
- + **People-First Culture:** We treat our team like family and our clients like partners
- + **Community Commitment:** We lift communities as we restore and rebuild

STORM RESPONSE EXPERTISE

PRH Group is built for moments when reliability matters most. Our teams mobilize quickly during natural disasters to restore power safely, efficiently, and with minimal disruption to communities.

Many of our long-term partnerships began with a single storm response — proof that how we show up in crisis defines **who we are**.
