New Headquarters!

2024 Entrepreneur of the Year

Celebrating Black History Month

Strengthening the Power Grid

NEW HEADQUARTERS COMING SOON TO SAGINAW!

Significant changes are on the horizon for PRH Group! We are thrilled to announce that we have acquired a building for our new headquarters in Saginaw, Michigan. Renovation plans are already underway, and we cannot wait to make this space our new home. This move signifies a major milestone for our growth and reinforces our commitment to the community we proudly serve.

A REMARKABLE HONOR: LETISHA RANDLE, FINALIST FOR 2024 ENTREPRENEUR OF THE YEAR

We are proud to announce that our very own CEO, Letisha Randle, has been named a finalist for the **CMURC Tri-City Business Community's 2024 Entrepreneur of the Year Award**.

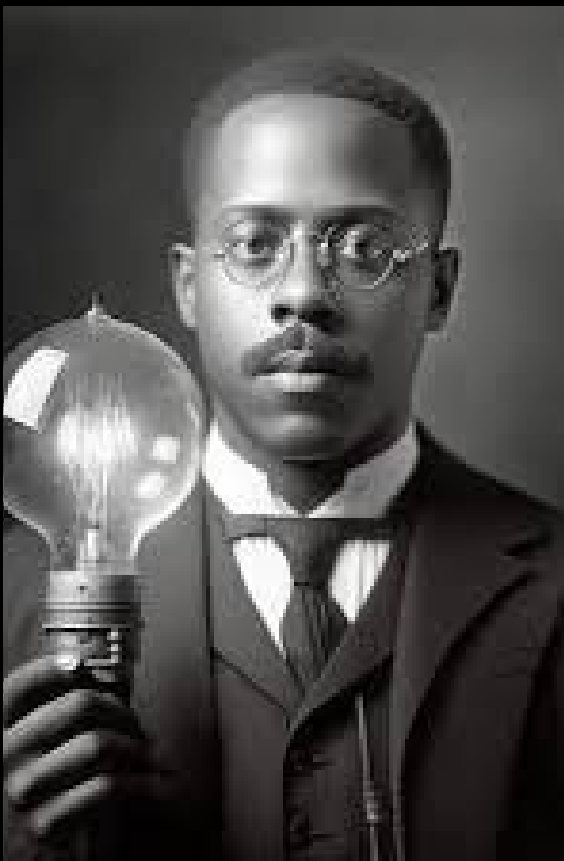

Letisha humbly remarked, "I am so honoured to have been selected as a candidate for this award; however, make no mistake, there is no "I" in team. If I am chosen, it is due to the incredible work we accomplish together as a team. I take pride in PRH, all we have achieved in the past, and all we shall continue to do."

Congratulations, Letisha, you inspire us every day!

FEBRUARY IS HEART HEALTH MONTH: PRIORITIZING WELLNESS

Heart disease continues to be a significant health concern in the U.S., but proactive care can make all the difference. Annual check-ups with your primary care provider (PCP) assist in monitoring blood pressure, cholesterol levels, and overall heart health.

Staying informed and taking preventive measures today can lead to a stronger, healthier tomorrow. Let's keep heart health a priority-both on and off the job.

CELEBRATING BLACK HISTORY MONTH: HONORING LEWIS HOWARD LATIMER

This February, we celebrate **Black History Month** by honoring the trailblazers who have shaped the electrical industry.

One such pioneer is Lewis Howard Latimer, an inventor and engineer whose work was crucial to the development of modern electricity. Latimer is best known for patenting a durable carbon filament for the incandescent light bulb, which made electric lighting more practical and affordable. His brilliance and perseverance continue to inspire innovation at PRH Group as we strive to make a lasting impact in the electrical construction industry.

EXCITING NEWS: STRENGTHENING THE POWER GRID

PRH Group is thrilled to announce that we have been awarded the **Consumers Energy Company Grid Modification - Line Regulator Control Replacement Contract.**

We are excited to collaborate with Consumers Energy to enhance grid stability and reliability, a critical step toward powering our communities safely and efficiently. We look forward to leveraging our expertise to drive meaningful impact through this vital project.

Thank you for being part of the PRH journey as we continue to build brighter, stronger futures together. Stay safe and empowered.

We value communication and are committed to providing the best possible service to our customers. If you encounter gaps in our service, please don't hesitate to contact us for help. We are always available to collaborate with you on solutions to any electrical supply issues.
